Importance: Normal

Hi Robert,

I'm writing to log reasons to object the new build plans off Cuffley Hill, ref number; APP/W1905/W/22/3300254

- 1. Far too many huge developments already being built in Goff Oak / Cuffley.*
- 2. Cuffley Hill / Goffs Lane / Cuffley Village already has very high traffic levels with only one road through the village.*
- 3. The local wildlife is desperately running out of green land with more and more animals moving into gardens and nearby roads and ultimately ending in fatalities.*
- 4. Major issue with access to and from the site off Cuffley Hill.*

Countryside Properties Limited do not care about the local area or the local people and will happily put profits first. Once Cuffley / Goffs Oak has been destroyed they'll move onto the next town / village.

The build has already been rejected for valid reasons and see no reason for that to change.

Best regards,

Tom & Natalie Clarke
