[REDACTED]
Thanks, I do wonder if I should look at Broxbourne's notices, I don't think there are any planning permissions from the Borough on the land?, to see how they interrelate to the 1981 enforcement notice. Are you able to send me a copy please, apologies if this is already with us but I couldn't find a record in my notes?
Thanks

Morning [REDACTED]

Thank you for sending this information over.

In reading this, it seems to me that the works they want to do involving importation of soils is going to require permission. The question is then, to whom do they apply? Do they need to apply to you under ROMP or to us as an engineering operation? I think we need to agree that between us before I write to [REDACTED] & [REDACTED] regarding compliance with the outstanding Notices.

Many thanks
