RE: RESTORATION OF CHURCH LANE PIT CHURCH LANE WORMLEY

I refer to the above and the site visit made by Mrs Pike and Mr Unthank earlier this year. I am now in receipt of Mr Unthank's note of his site inspection on the 5 August.

Having considered the history of this site, I am of the opinion that a prosecution for failure to comply with the Enforcement Notice will be inappropriate in this case. The County's position is not as good as it could be for a variety of reasons, including the fact that a considerable length of time has elapsed since works were completed at the site.

I believe that if Mr Croke were forced to carry out the works which the County would like done at the site, this may well stir up a hornet's nest with local residents, who I understand are quite happy for operations to have now ceased at the site and would not wish to see new activity and the resulting lorry movements in the locality.

I do regret that it has not been possible to persuade Mr Croke to improve the site and generally "tidy" it up but do not propose to take any further action on this file.

County Secretary
